

Care For You puts people first.

Care For You is a small team of care professionals committed to providing quality one-to-one care....with heart.

Care For You has built its service around the needs of each and every client. It listens to and consults with its clients and their families, the Care Team, and the wider care community.

feel at home with care for you 

Feel at home with care for you™

Care, where you are at the heart of the equation.

Assisting you to achieve your maximum potential.

Care For You is committed to providing you with the best quality in-home care.

We make this happen by standing by these basic principles that we believe in:

- Your Care Team is trained by industry professionals, in excess of industry standards.
- Reliability and punctuality will be hallmarks of your Care Team.
- We invite clients to interview potential members of their Care Team to ensure compatibility.
- We guarantee that the care you receive will respect your privacy and maintain your dignity at all times.

Making a positive difference in the lives of our clients.

Care For You values its clients and the contribution made by its carers. With this in mind, we have developed Care For Me™, our innovative privileges card that gives you generous benefits with many well-known accommodation, entertainment and retail chains.

In addition, Care For You will also provide:

- Access to other specialist organisations to enhance clients' recreation and equipment options.
- Regular forums and social activities that value client participation.
- Access to our online "chat room".
- Web-based information on community activities, latest SCI and ABI research, new products/services and access to industry professionals.

You are in capable hands.

You can rely on the professional support of our Care Team.

- All Care Managers are experienced paramedical professionals, being either Nurses or Occupational Therapists.
- Every member of your Care Team will receive our unique TruCare™ certification. (Industry specific training in the use of your specialised equipment.)
- Your Care Team is highly experienced and knowledgeable in SCI & ABI.
- Your Care Team also understands the broader medical issues of your disability.

Finding equilibrium between your independence and your need for support.

The fatigue and frustration you encounter is something we understand.

Your Care Team will assist you in working through these challenges and find solutions that work for you.

Your Care Team is critical in your return to the community, however, they understand that sometimes you will need your own space.

Through the added benefits offered by Care For You, you can keep in touch with your support network of peers, care professionals and the community.

Client-centred care delivered with heart.

Our care philosophy is simple:

We put you at the very heart of everything we do.

Our goal is to provide the best care and your Care Team will work in partnership with you to achieve this.

In conjunction with you, your Care Manager will develop a care plan that is tailored to your specific needs and lifestyle. We understand your need for flexibility.

We promise you regular face-to-face contact, giving you the opportunity to really talk to us about how we're doing. Our communication with you will be open and honest.
